Quality Assurance

- Parallely with the implementation of new study programmes
- Regulated by the Statute
- Initiated – three QA projects through the National Science Foundation
 - at the central level
 - at faculty level

Quality Assurance Office

- Established in 2006
- Initiated in the strategic document

Outreach 2001

Committees for QA at the level of constituents

New Committee for Monitoring of the BP implementation

■ Questionnaire - 2006

- general aspects

- specific aspects

Basic problems

- Legislation

- Administration

- Teaching

- Students

- Perception

Legislation

To tune existing legislation with the BP and draft the new needed by-laws

- Status and rights of students and fees
- Finance real costs of studies
- Ensure financial means for teaching activities (field teaching)
- Ensure the needed number of assistants
- Redefine the “norms” for teachers

- regulate and finance mobility of students and teachers
- define the “old” and the “new” academic titles
- pass the Code of ethics

- Ministry of Education, Science and Sport

changes in the existing laws and new by-laws

- University

changes in the Statute
and new regulations

Administration

- Redesign index and exam documentation
- Content and design of the Diploma Supplement
- Ensure financing and further development of IT/ISVU system
- Increase the capacity and competences of administrative staff

- University and its constituents

Teaching

- Shortage of space and equipment
- Ensure financial support to maintain the existing one
- Ensure support for new up-to-date equipment
- Redefine the load of students and teachers
- Optimize time-table
- Institutionalize the improvement of study programmes
 - Ministry, University, constituents

Students

- Organize student counseling
 - Sport activities at University centres
- University and constituents

Perception of the BP

- Inform and educate employers
 - new programmes
 - competences gained at each cycle

Hvala!
Thank you!
